

**NEMOPHILA ATOMARIA ELEGANS**, fine compact habit and free bloomer, blossom with a white centre, ground color dark chocolate, and a wide margin of pure white. Appearance very elegant.....per packet, 10 cts.

**NEMOPHILA INSIGNIS PURPUREA RUBRA**.—This is a distinct variety, a decided advance on the way to the long-desired scarlet *Nemophila*; it is as free-flowering and of similar habit to the old *insignis*, and the flowers are of a bright color most difficult to describe—it is a bright blue, shot through with red, producing a puce-purple or plum color....per packet 25 cts.

**NEW BEDDING PANSY, "BEAUTY OF ST. OSYTH," (BLACK)**.—The darkest Pansy ever raised, equal in size to *Claribel*, and as free a flower and bloomer as the Cliveden varieties.....  
.....Price, per packet, 25 cents.

**PHLOX DRUMMONDII, CARDINAL**, brilliant scarlet..... per packet, 25 cts.  
" **ROSE D'AMOUR**, bright rosy..... per packet, 25 cts.  
" **GENERAL GRANT**, rich bright purple.....per packet, 25 cts.

These varieties are quite distinct from the general race of separate colors of *Phlox Drummondii*; they have been carefully grown in pots, and are unapproachable for clearness and brilliancy of color.

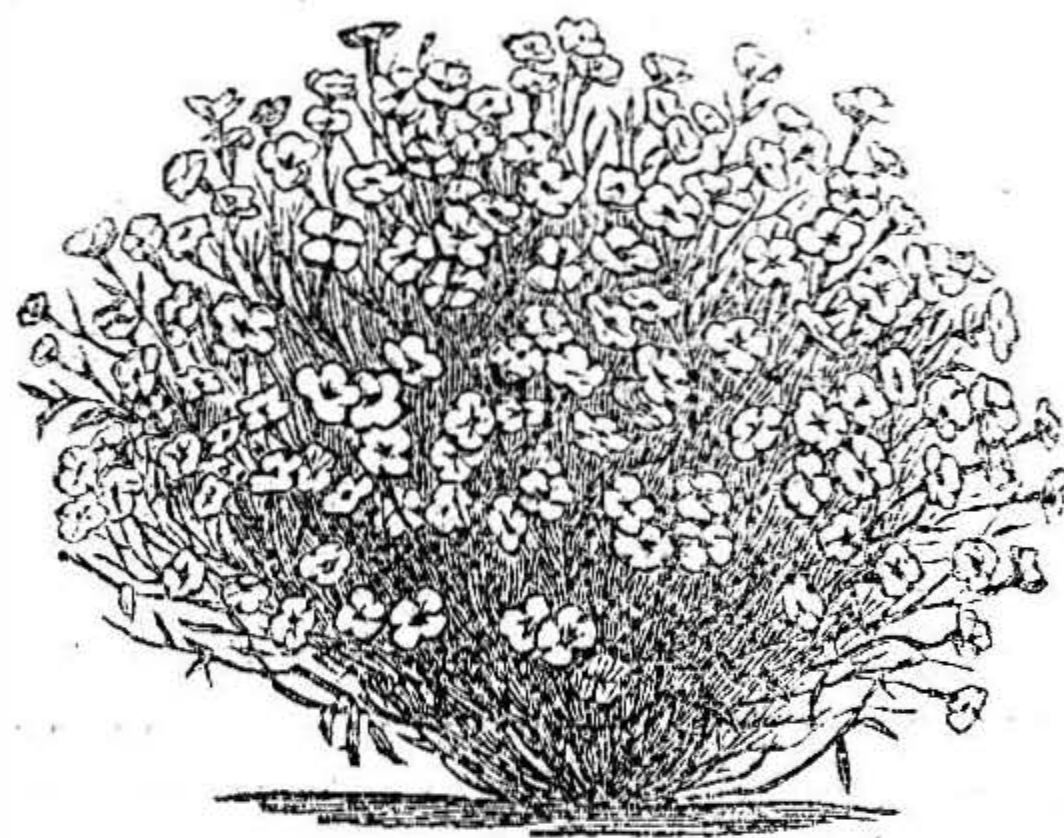

**PETUNIA GRANDIFLORA LA SUPERBE**, Flowers of good substance, brilliant magenta, pure white eye, very showy..... per packet, 25 cts.

**RHODANTHE MANGLESI MAJOR**, a very great improvement on the old and much admired *R. Manglesi*, having the giant and robust habit of *R. maculata*.....per packet, 10 cts.

**SCABIOUS**, dwarf double mixed, very good novelty, of a dwarf bushy habit, flowers very double and very abundant.....per packet, 10 cts.

**STOCK, NEW GIANT INTERMEDIATE**.—This is a remarkable fine stock, continuing to bloom an immense time; the flowers are very large and double, color deep scarlet....per packet, 10 cts.

**STOCK, LARGE FLOWERED, ROYAL GEM**.—This is the finest annual Stock in cultivation, of a rich dark crimson color and very double; useful for exhibition purposes....per packet 10 cts.

VIRGINIAN STOCK—NEW PIGMY.

**VIRGINIAN STOCK, NEW PIGMY**.—An exceedingly pretty, dwarf, and compact-growing variety, of about half the height of the ordinary type, and as compact as a hedgehog; will be found useful for edgings and small beds, also for rockeries, and it makes a most charming little pot-plant. When in full bloom it presents a complete mass of pure white. The raisers forwarded a plant of this to the Editor of the *Gardeners' Chronicle*, and he speaks of it in No. 25 of that paper, June 18th, 1870, page 827, as follows:—"A dwarf white Virginian Stock, a single tuft of which forms a close erect mass (much like *Lobelia Erinus* in habit), of some six inches high and nine inches broad, clothed with a profusion of pure white flowers. It will form a capital white edging-plant, and seems to be an acquisition for general decorative purposes."..... per packet, 25 cts.

**TAGETES PATULA NANA FAVIFLORA**, a splendid novelty in the dwarf French Marigolds. The bloom of the Flower is in the form of an hemisphere; each floret is an inverted elongated tube, and coincides so exactly in length as to give the head an appearance of having been levelled or cut with some sharp instrument; the tubes being crowded together gives it the appearance of a honeycomb.....per packet, 25 cts.

**WALLFLOWER, NEW GOLDEN, TOM THUMB**, a first-class novelty; habit compact, color fine golden orange, petals of good substance, and flowers large; calyx delicate green instead of dark brown, as in other wall flowers—this peculiarity gives a fine effect. Of a regular and even growth of 15 inches high. Will be found valuable as a golden spring bedding plant....per pkt. 25 cts.

**ZINNA ELEGANS DOUBLE WHITE**.—The white double Zinna is certainly one of those novelties which have been during the last few years the aim of many intelligent growers, but what has been brought out until now as such, has either been a nasty cream-colored thing, or a single white Zinna, that scarcely made an attempt to produce a semi-double flower. The strain we have now the pleasure to offer, has been carefully selected, and will produce very fine large well-shaped complete double pure white flowers, almost without sporting. Very valuable acquisition for all amateurs of this fine class of annuals.....per packet, 25 cts.
